

THE MOST **ADVANCED** **PACKAGING SOLUTION**

RG80

STEP INTO THE MARKET WITH A BESPOKE TURNKEY SOLUTION

The **RG80's** competitive edge lies in the combination of a cost-effective, mid-capacity packaging solution with high-end features.

The machine is suitable for the filling of **ESL milk, fresh milk, cream, drinking yogurt, fruit juice, liquid egg and other liquid food products.**

HIGH HYGIENIC PERFORMANCE

The product is packed avoiding re-contamination and package integrity is ensured throughout its whole shelf life.

UTMOST PRODUCT CARE

The nutritional and organoleptic properties of the packaged products are preserved and the quality of the end product is significantly higher compared to other packaging systems.

EASE OF USE AND MAINTENANCE

The RG80 is designed to be intuitive and to make the work of operators and maintenance technicians faster and more efficient.

COMPETITIVE INVESTMENT

RG80's good value for money and low running costs make it a highly competitive packaging system.

VERSATILITY

The DDF dosing unit allows to fill products containing particles or with different viscosity grades while maintaining top production efficiency levels. Switch to different volumes in less than 2 minutes.

MACHINE FEATURES

STANDARD FEATURES

- Double Wall Insulated Product Balance Tank
- Modulating System for Product Inlet
- Automatic CIP Box Cover
- DDF Dosing Unit with Bottom-Up System
- Carton Disinfection System (35% H2O2)
- Drainable Machine Bed
- Recovery Pump for CIP Solution (with Safety Valve)
- IFCM Sanitizing system
- Digital native machine: next-gen diagnostics ready with advanced sensors for data collection and analysis

AVAILABLE OPTIONS

- Rotary Screw Cap Applicator Single Index Servomotor Driven
- External Foam Cleaning System
- Waste Cartons Ejection System
- Galdi's Self CIP Independent Cleaning Unit
- CIP Box Quick Rinse Phase

AUXILIARIES & END-OF-LINE

AUXILIARIES

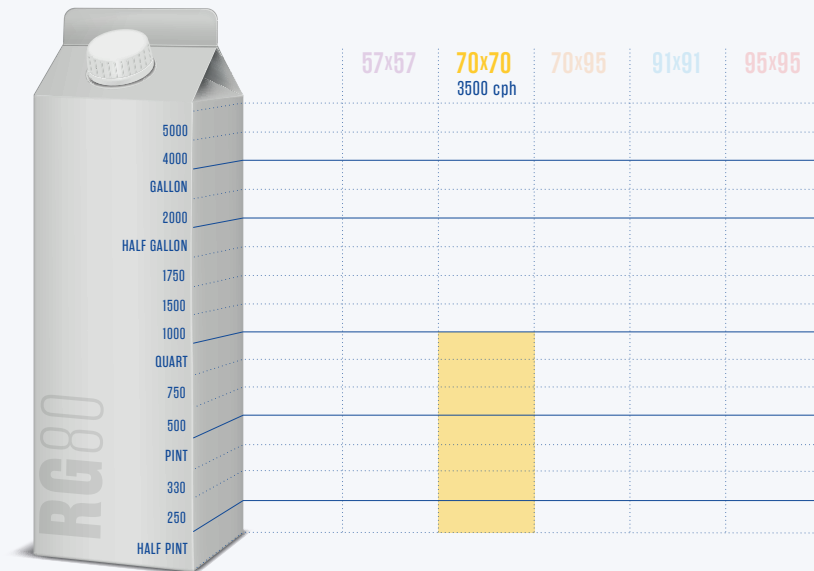

- Galdi's Self CIP Independent Cleaning Unit
- Automatic Foaming System

END-OF-LINE SOLUTIONS

- Carton Wrap Around
- Shrink-Wrapping Machine
- Tray Forming Machine
- Pick & Place
- Palletizing Robots & Stations
- Automation & Handling Systems

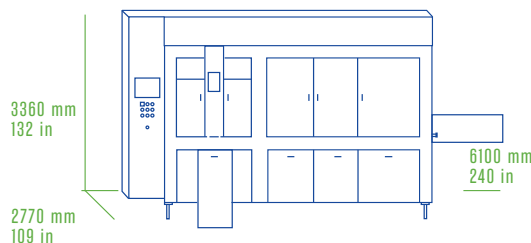

CAPACITY, CROSS SECTIONS AND VOLUMES

A GREAT FAMILY
FOR EVERY FORMAT,
FOR EVERY NEED!

Production speed varies according to product and carton characteristics. In line with our continuous improvement policy, all specifications are subject to change without notice. Illustrations, descriptions and technical specifications are not binding and may change.
